

Cleveland Archival Roundtable Summer News

The steering committee of the Cleveland Archival Roundtable would like to thank everyone for a successful 2005-2006 season. We hope that the introductory archives workshop and series of meetings provided you with helpful information about local resources and archives, and gave you the opportunity to renew professional acquaintances.

Our first meeting of the 2006-2007 season is scheduled for Tuesday, September 19th at the Intermuseum Conservation Association. Mark your calendars now for this 6:00 pm tour and business meeting. The ICA provides professional conservation services, disaster assistance, photo documentation, storage, and custom crate and courier service to museums, libraries, archives, and other repositories of art and archival materials. The September meeting will give you an opportunity to determine if you should attend the ICA's two and a half day November workshop on the recovery of wet materials after a disaster. Please visit the ICA website at www.ica-artconservation.org.

Items to remember as you enjoy the summer break:

At the January meeting a vote was taken instituting annual dues of \$10. These dues will cover the cost of mailings, registrations, meetings and workshops, and possibly to provide conference registration assistance to local archive students. Dues for the 2006-2007 season will be accepted beginning July 1, 2006. Please send your check to the Cleveland Archival Roundtable, c/o William Barrow, Special Collections Librarian, Cleveland State University Library, 2121 Euclid Avenue, RT 319A, Cleveland, OH 44115-2214. Dues will be accepted at the roundtable meeting in September.

The Spring Midwest Archives Conference meeting, cosponsored by the Society of Ohio Archivists, will be held in Columbus in 2007. Details about the conference can be found on the MAC website at www.midwestarchives.org as they become available.

The Cleveland Archival Roundtable steering committee would like to hear from you. Our goal is a thriving archival community in northeast Ohio. In lieu of a formal survey at this time, please feel free to contact us with your ideas and suggestions for future meetings and workshops. What other resources would you like CAR to provide? How can we best connect local archivists with each other and with local resources? How should CAR dues be used to support local archivists? Let us know how CAR can serve you better.
